Scope of the Journal

The International Journal of Chaos, Control, Modelling and Simulation is a Quarterly open access peer-reviewed journal that publishes articles which contribute new results in all areas of Chaos Theory, Control Systems, Scientific Modelling and Computer Simulation. In the last few decades, chaos theory has found important applications in secure communication devices and secure data encryption. Control methods are very useful in several applied areas like Chaos, Automation, Communication, Robotics, Power Systems, and Biomedical Instrumentation. The journal focuses on all technical and practical aspects of Chaos, Control, Modelling and Simulation. The goal of this journal is to bring together researchers and practitioners from academia and industry to focus on chaotic systems and applications, control theory, process control, automation, modelling concepts, computational methods, computer simulation and establishing new collaborations in these areas.

Authors are solicited to contribute to this journal by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in Chaos Theory, Control Systems, Modelling and Simulation Techniques.

Topics of interest within the scope of this issue include, but are not limited to, the following areas:

- Adaptive control
- Advanced chaos theory
- Advanced computing techniques
- Algorithms, modelling and simulation
- Applications of chaos in science and engineering
- Artificial intelligence
- Artificial neural networks
- Automation and mobile robots
- Bioinformatics
- Biological modelling
- Biological systems and models
- Chaotic systems
- Chaos modelling
- Circuit realization of chaotic systems
- Control of chaotic systems
- Cloud computing
- Communication engineering
- Computational biology
- Computational fluid dynamics
- Computer science
- Control devices & instruments
- Control theory
- Data mining
- Data Structures and Algorithms
- Scientific computing
- Secure communication devices
- Stochastic modelling and control
- Data visualization
- Digital control
- Digital image processing
- Digital signal processing
- Dynamical systems and stability theory
- Embedded systems and control
- Evolutionary techniques in engineering
- Flight control and surveillance systems
- Fuzzy logic control
- Genetic algorithms and applications
- Hyperchaotic systems
- Industrial applications of control
- Intelligent systems
- Information theory
- Linear and nonlinear programming
- Linear control theory
- Materials science
- Mathematical control theory
- Mathematical modelling and applications
- Measurement systems
- Modelling and control
- Nonlinear control theory
- Numerical methods in control systems
- Optimization and optimal control
- Parallel computing
- Process control and automation
- Real-time systems
- Real and complex analysis
- Robust control
- Soft computing techniques
Members of the Editorial Board

Editorial Board

- **Aditya Goel**, Comviva Technologies Ltd., India
- **Agarwal R.P.**, Shobhit University, India
- **Anand Rajavat**, Shri Vaishnav Institute of Technology and Science, India
- **Ankit Chaudhary**, University of Iowa, USA
- **Anurag Pal**, Siksha O'Anusandhan University, India
- **Ashutosh Kumar Dubey**, Trinity Institute of Technology and Research, India
- **Binod Kumar Pattanayak**, Siksha 'O' Anusandhan University, India
- **Christos K. Volos**, Hellenic Army Academy, Greece
- **Deepak Gupta**, IMS Engineering College, India
- **Devi T.**, Bharathiar University, India
- **Dhivya M.**, Anna University of Technology, India
- **Dinesh Kumar Madan**, The Technological Institute of Textile & Sciences, India
- **Doreswamy**, Mangalore University, India
- **Durjoy Majumder**, West Bengal State University, India
- **Faiyaz Ahmed**, Integral University, India
- **Fatih Korkmaz**, Cankiri Karatekin University, Turkey
- **Geeta R. Bharamagoudar**, GMR Institute of Technology, India
- **Hameem Shanavas.I**, MVJ College of Engineering, India
- **Jnanamurthy H.K.**, Manipal University, India
- **Lokeswara Reddy V.**, K.S.R.M College of Engineering, India
- **Maheswari C.**, Anna University, India
- **Mandal J.K.**, University of Kalyani, India
- **Manikandan T.**, Rajalakshmi Eng. College, India
- **Manoj V. Brambe**, St. Vincent Pallotti College of Engineering and Technology, India
- **Mansaf Alam**, Jamia Millia Islamia, India
• Maryam Rastgarpour, Islamic Azad University, Saveh, Iran
• Md. Shafivulla, Koneru Lakshmaiah College of Engineering, India
• Meena Sharma, Devi Ahilya University, India
• Minu R.I, Jerusalem College of Engg., India
• Mohamed Fahad AlAjmi, King Saud University, Saudi Arabia
• Mohammed Imran B, University of Dammam, Saudi Arabia
• Mohd Mahmood Ali, Muffakham Jah college of engineering and technology, India
• Moon Ho Lee, Chonbuk National University, Korea
• Mudholkar R.R, Shivaji University, India
• Muhammad Saqib, City University of Science & Information Technology, Pakistan
• Munivara Prasad K, INSE College of Engineering, Anantapur, India
• Murugan R, Aalim Muhammed Salegh College of Engineering /Anna University, India
• Musheer Ahmad, Jamia Millia Islamia, India
• Nagarajan G, Sathyabama University, India
• Nishant Doshi, National Institute of Technology - Surat, India
• Omar Almomani, The World Islamic Sciences & Education University (W.I.S.E), Jordan
• Parul Dawar, Delhi College of Engineering, India
• Prasad B.D.C.N, Prasad V. Potluri Siddhartha Institute of Technology, India
• Prasun Ghosal, Bengal Engineering and Science University, India
• Raed Ibraheem Hamed, University of Anbar, Iraq
• Raghava Rao K, Koneru Lakshmaiah College of Engineering, India
• Raja K.B, University Visveswaraya College of Engineering, India
• Rajan Vohra, Guru Nanak Dev University, India
• Rajeev G Vishwakarma, Shri Vaishnav Institute of Technology and Science, India
• Rajendra S. Gad, Goa University, India
• Rajeswara Rao R, Mahatma Gandhi Institute of Technology, India
• Ram Shringar Rao, Ambedkar Institute of Advanced Communication Technologies and Research, India
• Ripal Patel, BVM Engineering College, India
• Safvan Vahora, Vishwakarma Government Engineering College Chandkheda, India
• Sajay Bansal, Acropolis Institute of Technology & Research, India
• Sangeeta Kamboj, National Institute of Technology, India
• Sanjay Singh, Manipal Institute of Technology, India
• Sasank Gantayat, GMR Institute of Technology, India
• Satish Kam D, Nehuru institute of technology, India
• Satish Mittal, Punjabi University Patiala, India
• Saurabh Mukherjee, Banasthali University, India
• Saurabh Sharma, Gyan Ganga Group of Institution, India
• Selvarani R, M. S. Ramaiah Institute of Technology, India
• Shrvani D, Matrusri Institute of Post-Graduate Studies, India
• Sivaperumal S, Vel Tech University, India
• Sourabh Kumar Jain, Maulana Azad National Institute of Technology, India
• Sridhar S, S.A.engineering college, India
• Sudha Sadasivam G, PSG College of Technology, India
• Tara Saikumar, CMR technical Campus, India
• Tarun Kumar Rawat, Netaji Subhas Institute of Technology, India
• Tranos Zuva, Tshwane University of Technology, South Africa
• Uday A. Null, Textile and Engineering Institute, India
• Upendra Kumar M, Mahatma Gandhi Institute of Technology (MGIT), India
• Vinay Rishwali, MJP Rohilkhand University, India
• Wahiba Ben Abdessalem Karaa, High Institute of Management, Tunisia
Paper Submission & Manuscript Preparation Guide

Authors are invited to submit papers for this journal through E-mail: ijccmsjournal@airccse.org. Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this Journal. For paper format download the template in this page

Manuscript Template

Review Process

Submissions are accepted for review with the understanding that the same work has been neither submitted to, nor published in, another publication. Simultaneous submission to other publications will result in immediate rejection of the paper. Papers are not within the journal scope will be rejected immediately after the pre review process.

All manuscripts will be subject to a well established, fair, unbiased peer review and refereeing procedure, and are considered on the basis of their significance, novelty and usefulness to the Journals readership. The reviewing structure will always ensure the anonymity of the referees & it will be reviewed by 3 experts in the field. The review output will be one of the following decisions:

1. Accept
2. Accept with minor changes
3. Weak Accept with major changes
4. Reject

The review process may take approximately two ~three months to be completed. The Editor reserves the right to reject a paper if it does not meet the aims and scope of the journal, it is not revised well.

Copy Right form

After submitting final manuscript, you can get copy right form from AIRCC secretary

Special Issue Proposal

IJCCMS invite proposals for special issues on topics that fall within the scope of this journal. Please email your proposal to secretary@airccse.org
