SCOPE OF THE JOURNAL

The International Journal of Control Theory and Computer Modelling (IJCTCM) is a bi-monthly open access peer-reviewed journal that publishes articles which contribute new results in all areas of Control Theory and Computer Modelling. The journal focuses on all technical and practical aspects of Control Theory and Computer Modelling. The goal of this journal is to bring together researchers and practitioners from academia and industry to focus on advanced control engineering and modeling concepts and establishing new collaborations in these areas.

Authors are solicited to contribute to this journal by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in Control Theory and Computer Modelling.

Topics of interest include, but are not limited to, the following:

- Control theory
- Linear and nonlinear control systems
- Optimization and optimal control
- Robust control
- Adaptive control
- Digital control
- Feedback control
- Sliding mode control
- Soft computing and control
- Process control and instrumentation
- Fault detection and isolation
- Model predictive control
- Stochastic control and filtering
- Systems and automation
- Networked control systems
- Hybrid systems
- Agriculture, environment, health

- Agriculture, environment, health applications
- Industry, military, space applications
- Scientific computing
- Embedded systems
- Real-time issues
- Neural networks and fuzzy logic
- Genetic algorithms and evolutionary computing
- Numerical analysis and scientific computing
- System identification and control
- Computer modelling
- Mathematical modelling
- Applications of modelling in science and engineering

Members of the Editorial Board

Editor In Chief:

Sundarapandian Vaidyanathan, Vel Tech University, India

Editorial Board

- Abdul kadir Ozcan, The American university, Cyprus
- Amel B.H.ADAMOU-MITICHE, University of Djelfa, Algeria
- Balasubramaniam K, Dr.MGR University, India
- Basant Singh Rathore, Rajiv Gandhi Proproudyogiki vishwavidyalaya Bhopal, India
- Bharat Bhushan Agarwal, I.F.T.M., University, India
- khushboo hemnani, Trinity institute of technology and research Bhopal, India
- C.S. Ravichandran, Sri Ramakrishna Engineering College, India
- Lahcene MITICHE, University of Djelfa, Algeria
- M.Pravin Kumar, K.S.R College of Engineering, India
- Mahdi Sabouri, Zanjan university, Iran
- Nisar Hundewale, University of Maryland University College, USA
- Nishant Doshi, Sardar Vallabhbhai National Institute of Technology, India
- Nitiket Nijanand Mhala, B.D.College of Engineering, Sewagram.
- Omar Bouhali, Jijel University, Algeria
- Roberts Masillamani, Hindustan University, India
- Santosh Biswas, Indian Institute of Technology - Guwahati, India
- V.Radha, Avinashilingam University, India
- Vijaykumar S, Project6thsense Research Team, India
- Vincent Ani, University of Nigeria, Nigeria

Paper Submission & Manuscript preparation Guide

Authors are invited to Submit papers for this journal through Submission system. Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this Journal. For paper format download the template in this page Manuscript Template.

Review Process

Submissions are accepted for review with the understanding that the same work has been neither submitted to, nor published in, another publication. Simultaneous submission to other publications will result in immediate rejection of the paper. Papers are not within the journal scope will be rejected immediately after the pre review process.

All manuscripts will be subject to a well established, fair, unbiased peer review and refereeing procedure, and are considered on the basis of their significance, novelty and usefulness to the Journals readership. The reviewing structure will always ensure the anonymity of the referees & it will be reviewed by 3 experts in the field. The review output will be one of the following decisions:

1. Accept
2. Accept with minor changes
3. weak Accept with major changes
4. Reject

The review process may take approximately two –three months to be completed. The Editor reserves the right to reject a paper if it does not meet the aims and scope of the journal, it is not revised well.

Copy Right form

After submitting final manuscript, you can get copy right form from AIRCC secretary.

Special Issue Proposal

IJCTCM invite proposals for special issues on topics that fall within the scope of this journal. Please email your proposal to ijctcmjournal@yahoo.com or ijctcmjournal@airccse.org

Contact Us
