SCOPE OF THE JOURNAL

International journal of Mobile Network Communications & Telematics (IJMNCT) is an open access peer-reviewed journal that addresses the impacts and challenges of mobile communications and telematics. The journal also aims to focus on various areas such as ecommerce, e-governance, telematics, telelearning nomadic computing, data management, related software and hardware technologies, and mobile user services. The journal documents practical and theoretical results which make a fundamental contribution for the development of mobile communication technologies. Topics of interest within the scope of this issue include, but are not limited to, the following areas:

- Mobile Computing Software Architectures
- Mobile Network Traffic Engineering, Performance & Optimization
- Mobile Network Management and Service Infrastructure
- Mobile Computing
- Integrated mobile marketing communications
- Efficacy of mobile communications
- Mobile communication applications
- Critical success factors for mobile communication diffusion
- Metric mobile business enterprise
- Mobile communication security issues and requirements
- Mobile and handheld devices in the Education
- Telematics
- Tele-learning
- Privacy and Security in Mobile Computing and Wireless Systems
- Cross-cultural mobile communication issues
- Integration and Interworking of Wired and Wireless Networks
- Location management for mobile communications
- Distributed Systems Aspects of Mobile Computing
- Operating System and Middleware Support for Mobile Computing
- Interaction and integration in mobile communications
- Business models for mobile communications
- E-commerce & E-governance
- Nomadic and Portable communication
- Wireless information assurance
- Mobile Multimedia Architecture and Network Management
- Mobile Multimedia Network Traffic Engineering & Optimization
- Mobile Multimedia Infrastructure Developments
- Mobile Multimedia Markets & Business Models
- Personalization, Privacy and Security in Mobile Multimedia

Paper Submission & Manuscript preparation Guide

Paper Submission

Authors are invited to submit papers for this journal through E-mail ijmnctjournal@yahoo.com or ijmnctjournal@airccse.org. Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this Journal. For paper format download the template in this page

Review Process

Submissions are accepted for review with the understanding that the same work has been neither submitted to, nor published in, another publication. Simultaneous submission to other publications will result in immediate rejection of the paper. Papers are not within the journal scope will be rejected immediately after the pre review process.

All manuscripts will be subject to a well established, fair, unbiased peer review and refereeing procedure, and are considered on the basis of their significance, novelty and usefulness to the Journals readership. The reviewing structure will always ensure the anonymity of the referees & it will be reviewed by 3 experts in the field. The review output will be one of the following decisions:

1. Accept
2. Accept with minor changes
3. Weak Accept with major changes
4. Reject

The review process may take approximately two ~three months to be completed. The Editor reserves the right to reject a paper if it does not meet the aims and scope of the journal, it is not revised well.
