The Third International Workshop on Internet Engineering & Web services (InWeS-2012)

http://airccse.org/inwes2012/index.html

The Connaught Hotel,May 25~27, 2012. Delhi.

Call for Papers

The Third International workshop on Internet Engineering & Web services will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of Internet Engineering & Web services environment. Current information age is witnessing a dramatic use of digital and electronic devices in the workplace and beyond. Internet Engineering & Web services present a rather arduous requirement of robustness, reliability and availability to the end user. Internet Engineering & Web services has received a significant and sustained research interest in terms of designing and deploying large scale and high performance computational applications in real life. The aim of the workshop is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field.

Topics of Interest :

Authors are solicited to contribute to the workshop by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the following areas, but are not limited to

- Architectures and frameworks
- Coding and compression
- Collaborative systems & techniques
- Distance learning
- E-business modeling and applications
- E-commerce applications
- Fault Tolerance
- Information retrieval
- Internet architecture design
- Internet search methods
- Internet Security & Applications
- Knowledge-based web systems
- Multimedia web tools, architectures, and broadcasting
- Ontology and Web services
- Optimization methods
- Security and protection
- Semantic Web
- Software Agents
- Web data mining and database management
- Web Java-based applications
- Web languages
- Web service applications & foundation
- Web Services-driven Business Process Management
- Wireless & Mobile based applications, services

Paper Submission

Authors are invited to submit papers for the conference Submission system (Easy chair) by 03 January, 2012. Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this conference. The proceedings of the conference will be published by Springer (Confirmed).

Selected papers from INWES - 2012, after further revisions, will be published in the special issues of the following international journals.

International Journal of Web & Semantic Technology (IJWesT)

International Journal on Web Service Computing (IJWSC)

International Journal on Cloud Computing: Services and Architecture (IJCCSA)

Important Dates

Submission Deadline   **: January 03, 2012**
Acceptance Notification **: February 15, 2012**
Camera Ready   **: February 27,2012**
