SCOPE OF THE JOURNAL

Computer Science & Engineering: An International Journal (CSEIJ) is a bi-monthly open access peer-reviewed journal that publishes articles which contribute new results in all areas of the Computer Science& Computer Engineering. The journal is devoted to the publication of high quality papers on theoretical and practical aspects of computer science and computer Engineering.

The goal of this journal is to bring together researchers and practitioners from academia and industry tofocus on Computer science & Computer Engineering advancements, and establishing new collaborationsin these areas. Original research papers, state-of-the-art reviews are invited for publication in all areas of Computer Science & Computer Engineering.

Authors are solicited to contribute to the journal by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the areas of Computer Science & Engineering.

Topics of interest include, but are not limited to, the following

- Accessible Computing
- Algorithms and Computation Theory
- Artificial Intelligence and Soft Computing
- Bioinformatics and Biosciences
- Computer Architecture
- Computer Graphics and Animation
- Computer Science / Information Technology Education
- Cryptography and Information security
- Data Communication and Computer Networks
- Data Mining and Knowledge Management Process
- Database Management Systems
- Design Automation
- Digital Signal and Image Processing
- Electronic Commerce
- Embedded Systems
- Genetic and Evolutionary Computation
- Health Informatics
- High Performance Computing
- Information Retrieval
- Internet Engineering & Web services
- Management Information Systems
- Measurement and Evaluation
- Micro architecture
- Multimedia and Applications
- Operating Systems
- Programming Languages
- Security, Privacy and Trust Management
- Simulation and Modeling
- Software Engineering
- Ubiquitous computing
- Wireless and Mobile networks

Paper Submission & Manuscript preparation Guide

Paper Submission

Authors are invited to submit papers for this journal through **Email**: **secretary@cseij.org** or through **Submission System**. Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this Journal. For paper format download the template in this page

Review Process

Submissions are accepted for review with the understanding that the same work has been neither submitted to, nor published in, another publication. Simultaneous submission to other publications will result in immediate rejection of the paper. Papers are not within the journal scope will be rejected immediately after the pre review process.

All manuscripts will be subject to a well established, fair, unbiased peer review and refereeing procedure, and are considered on the basis of their significance, novelty and usefulness to the Journals readership. The reviewing structure will always ensure the anonymity of the referees & it will be reviewed by 3 experts in the field. The review output will be one of the following decisions:

1. Accept
2. Accept with minor changes
3. weak Accept with major changes
4. Reject

The review process may take approximately two ~three months to be completed. The Editor reserves the right to reject a paper if it does not meet the aims and scope of the journal, it is not revised well.
