## SCOPE OF THE JOURNAL

With the availability of low cost, short range sensor technology along with advances in wireless networking, sensor networks has become a hot topic of discussion. The International Journal of Advanced Smart Sensor Network Systems Systems is an open access peer-reviewed journal which focuses on applied research and applications of sensor networks. While sensor networks provide ample opportunities to provide various services, its effective deployment in large scale is still challenging due to various factors. This journal provides a forum that impacts the development of high performance computing solutions to problems arising due to the complexities of sensor network systems. It also acts as a path to exchange novel ideas about impacts of sensor networks research.

### Topics of interest include but are not limited to:

- Energy-aware sensor network topology control
- Architecture, Algorithms and Complexity Issues
- Sensor Network Tasking and Self-Organization
- Architectures for Sensor Networks
- Performance Evaluation of Sensor Networks
- Theoretical Bounds and Optimization of Sensor Networks
- Underwater and Underground Sensor Networks
- Information Fusion Methods
- Classification Methods
- Performance analysis
- Sensor mobility and task Coordination
- Security, privacy, and data integrity
- Networking / Caching Issues in Sensor Networks
- Managing Resource Constraints
- In-Network Query Processing and Data Storage
- Energy efficient protocols (PHY, MAC, routing, application)
- Lightweight protocols
- Fault tolerance and diagnostics
- Foundations
- Data storage and query processing
- Learning of models from Sensor networks
- Localization and Synchronization in Sensor Networks
- Cooperative Signal Algorithms for Sensor Networks
- Applications in Biology, Manufacturing, Medical Science and Engineering

## Members of the Editorial Board

### Editor In Chief:

Jagannathan Sarangapani, Missouri University of Science and Technology, USA

### Editorial Board

Anand Sharma, Madhav Institute of Technology and Science, India  
Anil Kumar, Janta Vidya Mandir Ganpat Rai Rasiwasia Institute of Computer Applications, India  
Apala Ray, Research Associate Scientist, India  
Ashutosh Kumar Dubey, Trinity Institute of Technology & Research, India

## Paper Submission & Manuscript preparation Guide

Authors are invited to submit papers for this journal through E-mail [Submission system](#). Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this Journal. For paper format download the template in this page

### [Manuscript Template](#)

### Review Process

Submissions are accepted for review with the understanding that the same work has been neither submitted to, nor published in, another publication. Simultaneous submission to other publications will result in immediate rejection of the paper. Papers are not within the journal scope will be rejected immediately after the pre review process.

All manuscripts will be subject to a well established, fair, unbiased peer review and refereeing procedure, and are considered on the basis of their significance, novelty and usefulness to the Journals readership. The reviewing structure will always ensure the anonymity of the referees & it will be reviewed by 3 experts in the field. The review output will be one of the following decisions:

1. Accept
2. Accept with minor changes
3. weak Accept with major changes
4. Reject

The review process may take approximately two ~three months to be completed. The Editor reserves the right to reject a paper if it does not meet the aims and scope of the journal, it is not revised well

### Copy Right Form

After submitting final manuscript, you can get copy right form from AIRCC secretary

### Special Issue Proposal

IJASSN invite proposals for special issues on topics that fall within the scope of this journal. Please email your proposal to [ijassnjournal@yahoo.com](mailto:ijassnjournal@yahoo.com) (or) [ijassnjournal@airccse.org](mailto:ijassnjournal@airccse.org)
