## **SCOPE OF THE JOURNAL**

Signal & Image Processing : An International Journal is an Open Access peer-reviewed journal intended for researchers from academia and industry, who are active in the multidisciplinary field of signal & image processing. The scope of the journal covers all theoretical and practical aspects of the Digital Signal Processing & Image processing, from basic research to development of application.

Authors are solicited to contribute to the journal by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the areas of Signal & Image processing. Topics of interest include, but are not limited to, the following.

### **Topics of interest**

- \* **Applied Digital Signal Processing**
- \* **Coding and Transmission**
- \* **Digital Signal Processing in Communications**
- \* **Emerging technologies**
- \* **Emerging Technologies in Digital Signal Processing**
- \* **Image & signal processing Applications**
- \* **Image Acquisition and Display**
- \* **Image and Video Processing & Analysis**
- \* **Image formation**
- \* **Image scanning, display, and printing**
- \* **Storage and Retrieval**

## **Paper Submission & Manuscript preparation Guide**

### **Paper Submission**

Authors are invited to submit papers for this journal through E-mail: [sipijournal@airccse.org](mailto:sipijournal@airccse.org)  
Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this Journal. For paper format download the template in this page.

### **Manuscript Template**

### **Review Process**

Submissions are accepted for review with the understanding that the same work has been neither submitted to, nor published in, another publication. Simultaneous submission to other publications will result in immediate rejection of the paper. Papers are not within the journal scope will be rejected immediately after the pre review process.

All manuscripts will be subject to a well established, fair, unbiased peer review and refereeing procedure, and are considered on the basis of their significance, novelty and usefulness to the Journals readership. The reviewing structure will always ensure the anonymity of the referees & it will be reviewed by 3 experts in the field. The review output will be one of the following decisions:

1. Accept
2. Accept with minor changes
3. Weak Accept with major changes
4. Reject

The review process may take approximately two ~ three months to be completed. The Editor reserves the right to reject a paper if it does not meet the aims and scope of the journal, if it is not revised well.

**Publication charges: 120 USD (Maximum 20 pages)**

**Publication Frequency- Bi-monthly**

**February, April, June, August, October, December**
